## Memberships Invited In Bay Museum

ST. MICHAELS — Such excellent progress is being made in preparation for next spring's public opening of the Chesapeake Bay Maritime Museum that plans have been announced by the museum committee to invite memberships in this project to preserve and display water craft indigenous to the Bay.

The Maritime Museum, a project of the Historical Society of Talbot County, is located on Navy Point in historic St. Michaels harbor, a ship-building center for early America. Preparations for the museum have been under way for more than a year, and restoration of one of the three old waterfront homes for the housing of exhibitions is nearing completion. May 1964 has been set for the museum's public opening, with special activities planned for that period.

Dundas Leavitt of Talbot County, has accepted chairmanship of the membership committee, which is preparing a descriptive leaflet on the museum and plans to launch its program in January. Participation on a national scale is eventually expected to involve thousands who are interested in seafaring and the Chesapeake Bay.

Membership is open to all interested persons, with invitations being extended particularly to those who sail or make their living in or on the waters, to participants in sailing organizations up and down Chesapeake Bay and the Atlantic Coast, and to historians, educators, antiquarians and others. The names of persons who might be interested may be sent to Mr. Leavitt at Easton.

The museum has established a schedule of membership rates as follows: Individual adult, \$4 per year; student, \$1 per year; family, \$10 per year; supporting, \$25 per year; contributing, \$50 per year; commercial, \$100 per year; sustaining (life membership), \$500; patron (life membership), \$1,000.

## Hughes To Head Heart Campaign

Senator Harry R. Hughes of Denton, Caroline County, will be General Chairman of the 1965 Heart Fund Campaign for the Heart Association of the Upper Eastern Shore, covering Caroline, Cecil, Dorchester, Kent, Queen Anne's and Talbot Counties. It was announced by the president of the Association, Dr. Robert W. Farr of Chestertown.

The campaign officially starts February 1, and the proceeds from the campaign are used to fight the heart and circulatory diseases which account for more than 54 per cent of all deaths in the United States.

In accepting the appointment the new chairman stated "Great advances have been made against the heart and blood vessel diseases in the years since the Heart Association became a voluntary organization in 1948". The public's attitude of pessimism about heart disease has been reversed. Today we know that some forms of the heart and blood vessel diseases can be prevented, some cured and almost all helped with proper treatment after early diagnosis," he pointed out.

"Most heart attack victims recover from initial attacks, and of those who do, three out of four go back to work. High blood pressure, which can cause heart, brain and kidney damage, now can be controlled in most instances. Stroke is no longer hopeless, and thousands of victims are now being rehabilitated and returned to active lives. Most cases of rheumatic fever can be prevented.

Chairmen who will direct the campaign in the individual counties are as follows: Caroline, Lee W. Noble, Jr., of Preston; Cecil, Roger B. Williams, of Elkton; Dorchester, W. Winfield Trice of Hurluck; Kent, Edward Fellows of Millington; Queen Anne's, Herbert Goldstein of Centerville with Mrs. G. Clark Phillips of Millington as co-chairman; Talbot, Mrs. Ann N. B. Lockhart of Easton.

## Local Marines

Private Vincent

Private Antone

Marine Private William B. Vincent, Jr., son of Mrs. Helen B. Vincent of 115 Pine St., Chestertown, and Marine Private James Antone, Jr., son of Mr. and Mrs. James Antone, Sr., of Golts, completed a week of testing and screening in November, at the Naval Air Technical Training Center, Memphis, Tenn. During the week they received a battery of aptitude tests and were interviewed to determine eligibility for technical training to prepare them for duties with the Aviation Branch of the Marine Corps.

A brilliant piano stylist and entertainer, Ray Shaw has been booked at The Driftwood lounge, and will entertain nightly, Tuesday through Saturday. He begins his engagement this weekend. With no cover and no minimum charge, The Driftwood lounge is proving a popular rendezvous on the local scene.

## Out of the Frying Pan

Nell C. Westcott

Some times writing a column is an awful chore. Other weeks it just about writes itself. And, then, every so often, something very delightful happens and the columnist hears from a total stranger in far-away places, who is commenting on a column that has made a special appeal.

I do not remember how many homesick Kent Countians have written over these long years but the most outstanding was a letter I received a week or more ago from California, from a town I can not find on my maps or listed in the names of cities and towns in the United States. My Atlas is not so very old and small towns like own Kennedyville are listed. So I am inclined to believe this must be a rather new town or suburb.

The writer had read my column covering the Easton Mission and she told me she and her family had entertained Br. Michael several times and that her husband calls him

ordinary snowfall, when the flakes come like "small, curled feathers".

I can not find that poem in either of my anthologies or in Bartlett's Quotations, but I always loved it -- was it by Margaret Deland? If any one recalls it, please let me know. But when snow comes down that way, against my magnolia and holly trees, I know of no more beautiful sight. Today's came first as sleet and then a driving frozen sort of rain that is piling up more than could be expected. It is good for the ground "poor man's fertilizer" it was called in Dutchess County!

There have been two responses of people who want to "adopt" a forgotten patient in the Cambridge Eastern Shore State Hospital. One wrote that he would like to correspond with one. But I believe just sending a card now and then, or a small gift, is better. Their attention can not be held by a letter, I feel quite sure. But St. Valentine's Day is coming and cards could mean a great deal for the patient would know some one is thinking of him or her, as the case may be.

And now it is Monday morning and in the early sunrise this is really a fairland. Every twig is covered with clinging snow and the sun makes it all sparkle. According to the news my grandchildren in Harford County will not be having school. Nothing was said about Kent so I suppose it is going on as usual. I can imagine the younger grand-daughter ploughing across the fields to her ponies stable, so far no weather has kept her from that chore while she loves.

Youngsters usually like frothy gelatin desserts. Make up a package of fruit-flavored gelatin dessert and chill it until it is partly set. Then beat it vigorously until it is light and fluffy. The dessert may now be put in a mold (to be unmolded later) or in dessert dishes; refrigerate until firm.
